**WHEN COWS FLY**

"My daughter Kathy, 6, lost her 3rd baby tooth," relates Fern Vinogradov of Port Colbourne, ON. "She was so excited and bade her tooth goodbye as she was about to place it under her pillow. I suggested to her to put the tooth close to the edge so the Tooth Fairy would access it easily. 'She is very, very tiny, Mom. As small as this baby tooth', she explained to me. Fascinated by her imagination, I asked her 'But won't the tooth fairy have a problem picking up the tooth if it is the same size as her?' After Katie thought for a moment, she answered me with a smile 'Maybe she lifts weights!'"

**Jack O'Connell of Amherstview, ON,** tells us this tale. "During a business trip to Boeing's Everett, Washington factory, I noticed several 747 and 777 airliners being assembled. Before the engines were installed, huge weights were hung from the wings to keep the planes balanced. The solid-steel weights were bright yellow and marked '14,000 lbs.' But what I found particularly interesting was some stencilling I discovered on the side of each weight. Imprinted there was the warning: 'Remove before flight.'"

**My family has a tradition** of naming the cruise control on our cars. We were used to hearing my father proclaim, "Take it, Max," as he flipped on the cruise control during long trips in our station wagon. Recently, I was traveling with my parents in their new car when we hit a wide-open expanse of highway. My dad leaned back and said, "I think I'll let Tom drive for a while." "Tom who?" I asked. My mother translated for me: "Tom Cruise, of course."

## GUERNSEY GIGGLES

**Computer T-Shirt slogans:** Computers make very fast, very accurate mistakes. • File not found. Should I fake it? (Y/N) • Ethernet (n): Something used to catch the Etherbunny

**Elizabeth was surprised** to receive ten dollars from her Aunt for her birthday. The Aunt asked how she was going to spend it. "I'm taking it to Sunday School and giving it to God." the little girl replied. "He'll be just as surprised as I was at not getting a dollar like usual."

**Can you believe** how many award shows they have now? It seems like that have an award show for everything. They even have awards for commercials! The Clio Awards, a whole show full of commercials. I taped it and then I fast-forwarded through the whole thing.

## HOLSTEIN HISTORY

**June 7, 1832, Quebec PQ:** Irish Immigrants arrived aboard the sailing ship *Carrick* from Dublin. The resulting epidemic killed over 6,000 people in Lower Canada.

## TIPS FROM FARMER JOHN

Strive for a comfy drive. A pleasant environment wards off stress. Put in a book-on-tape of something you've been meaning to read or treat yourself to a pair of sleek leather driving gloves.

Before shopping check your pantry to see what you already have. Don't spend money on things you don't need.

Toner/Astringent – Use witch hazel instead. No need to dilute – use full strength. You can also rinse with a splash of Apple Cider Vinegar after cleansing – it balances out the pH of your skin.

## UDDER MUTTERS

There are always vanities, follies, hypocrisies in any country, even on the frontier, but they don't really thrive at forty below. At that temperature the chief concern is to keep warm. ~ Paul Hiebert, *Humorist*, "The Comic Spirit at Forty Below Zero," 1970.

I remember the Golden Age of Television very well. It was black and white, and you could usually see the stagehands. ~ Johnny Wayne, *comedian and partner of Frank Shuster*, quoted by Clyde Gilmour in 'The Toronto Star', April 1982.
